## ELEPHANT IN THE ROOM

All tax increases are significant requests.

Rapid inflation is the primary driver of our current situation.

We've cut millions from our budget to minimize this increase.

- \$2.5M from the Health Department

-We've cut over 100 employees.

-We've sought additional revenue sources.

How Property Taxes Work

**BACKGROUND**

The State of Utah has unique tax laws that were first passed in 1985 titled Truth-in-Taxation or TnT.

In short, these tax laws made it so in Utah, agencies are not allowed to collect more revenue than a previous year on the existing homes.

Taxing agencies only get additional revenue by applying the existing tax rate to new growth.

**HOW UTAH PROPERTY TAX WORKS**

New growth drives all revenue for taxing entities in Utah.

If there wasn't one new home built or renovation done in Utah County last year, County Government would receive exactly the same dollar amount in property taxes REGARDLESS of how much your home value changed.

However, inflation persists.

## Statement on Utah County's Proposed Tax Increase

by Tax Watchdog | Dec 2, 2019 | Newsletters, Tax Alerts, Press Releases | 0 comments

After examining the budget proposal from the Utah County Commission for 2020 and studying the history of property tax rates and spending for the last several decades in the county, the Utah Taxpayers Association believes that an adjustment in the certified rate is appropriate. That being said, we do not agree that a 100% increase in the tax rate is needed.

Due to a lack of foresight for decades by previous members of the Commission, Utah County has only once in 33 years taken steps to restore purchasing power in their property tax revenue. That was done 23 years ago. That failure to act has now put the county at a tipping point. **The Utah Taxpayers Association often supports taxing entities going through the Truth-in-Taxation process from time to time to recapture inflation by publicly making their case to taxpayers.**

## Inflation Calculator

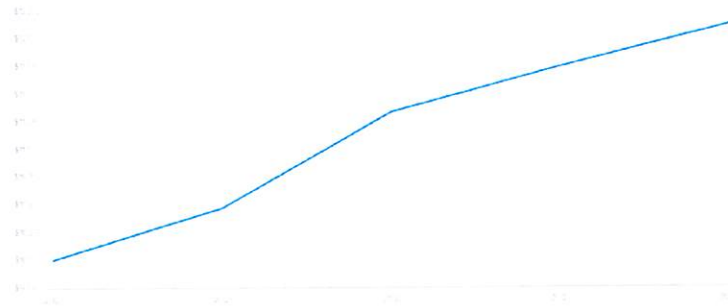

This calculator helps determine the buying power of a dollar over time in the United States.

\$100 in 2020 will be worth \$121 in 2024

This is an average inflation rate of 4.94% and cumulative inflation of 21.20%.

### Value of a Dollar Over Time

The following chart shows the change in value of \$100 from 2020 to 2024.

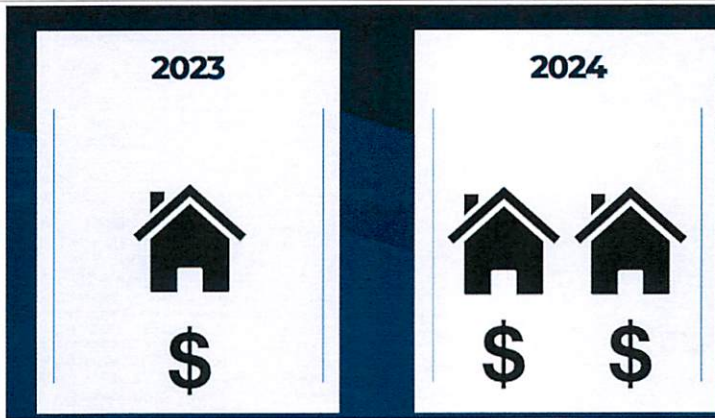

2023

2024

## SO WHY DO MY TAXES GO UP?

There's a couple reasons

1. One of the taxing entities you live in (School District, City, Water District, County) goes through this Truth-in-Taxation process and formalizes a rate higher than what is calculated.
2. Your home value increased more than the average of all other homes in the taxing district.

**KEY STRUGGLES**

- Last tax adjustment was a 2021 25% reduction of the 2019 increase.
- 88% of the projected growth is criminal justice. (Police Officers, Attorneys, Public Defenders)
- 48% property tax increase represents 16% of our total general fund budget which consists of property tax, sales tax, fees, and interest.
- Federal funding cuts for Victims advocates in the Children's Justice Center.

Utah County commissioners approve partial repeal of 2019 property tax increase

## **KEY NEEDS**

- Address projected \$12M deficit spend for 2024.
- Address population growth related concerns.
  - Explosive growth on the west side.
- Disaster mitigation. Upgrading facilities to avoid fines, seismic protection.
- Inflation costs - Computer Software, Gas, Bullets, Etc.
- Mosquito Abatement \$400K

---

## **PUBLIC SAFETY NEEDS**

- Attorneys - SVU \$1M
  - Public Defense - \$1M
  - Emergency Operations - Flooding caused by recent hailstorm
  - Police - Jail, Overtime, Courts \$1M
  - Wasatch Behavioral Health \$500K  
State Mandated Match (Mental Health)
  - Children's Justice Center - Victim Advocates - \$250K
  - Attorney's - Victim Witness Coordinators \$220K
  - Wildland Fire Equipment \$150K
-

## **\$8 A MONTH**

For the average home value in Utah County which is \$532K the proposed increase is \$7.63 a month.

If your home value is more or less than \$532K it will be more or less.

If you feel your home is overvalued you can contest that value to get to a more accurate spot.

**COMMISSIONER GORDON STATED THAT THE PUBLIC HEARING TONIGHT WOULD HAVE A THREE (3) MINUTE CLOCK AND WON'T HAVE THE ABILITY TO DEFER TIME TO OTHER INDIVIDUALS.**

**COMMISSIONER POWERS GARDNER STATED THAT WE WILL NOT BE TAKING A VOTE TONIGHT. THE VOTE WILL HAPPEN IN DECEMBER. THIS IS A FEEDBACK SESSION. WE STILL HAVE OUR BUDGET OPEN HOUSE, OUR TENTATIVE BUDGET AND ARE STILL TRYING TO FIND THINGS THAT CAN BE CUT. HELPING US KNOW WHICH SERVICES YOU VALUE AND WHICH SERVICES YOU WOULD PREFER WE CUT WOULD BE HELPFUL. INFLATION IS A TAX ON ALL OF US. THE MORE IDEAS, INFORMATION AND FEEDBACK THAT WE GET, WE WILL KNOW WHERE TO CUT FROM BECAUSE WE KNOW WHAT YOU AS THE PUBLIC PRIORITIZE.**
